

FALL 2001
LOGIC SEMINAR

Friday, September 14, 2001

11:30a.m.

Funger 428B

Speaker: Mietek Dabkowski, GWU

Title: *Ordered groups, Part I*

Friday, September 21, 2001

11:30a.m.

Funger 428B

Speaker: Mietek Dabkowski, GWU

Title: *Ordered groups, Part II*

Friday, October 5, 2001

11:00a.m.

Funger 428B

Speaker: Gosia Dabkowska, GWU

Title: *Computational complexity of torsion-freeness of finitely presented groups*

Friday, October 19, 2001

3:00p.m.

Funger 428B

Speaker: Richard Kaye, Birmingham University, England

Title: *Counting in nonstandard models*

Friday, October 26, 2001

11:00a.m.

Funger 428B

Speaker: Ali Enayat, American University

Title: *Ordinal definability in set theory, Part I*

Friday, November 2, 2001

11:00a.m.

Funger 428B

Speaker: Ali Enayat, American University

Title: *Definability of ordinals*

Wednesday, November 7, 2001

4:00p.m.

Funger 428B

Speaker: Amir Togha, GWU

Title: *Elementary self-embeddings of models of ZF*

Friday, November 16, 2001

11:00p.m.

Funger 428B

Speaker: Amir Togha, GWU

Title: *Automorphisms of countable recursively saturated models of ZF*

Wednesday, December 5, 2001

4:00p.m.

Funger 428B

Speaker: Valentina Harizanov, GWU

Title: *Turing degrees of countable structures*

OTHER LOGIC TALKS FALL 2001

Joint Algebra-Logic-Topology Seminar

Wednesday, October 17, 2001

4:00p.m.

Funger 428B

Speaker: Adam Sikora, Centre de Recherches Mathematiques, Montreal

Title: *Group orderings and its applications to 3-dimensional topology and computational algebra*

Mathematics Colloquium

Friday, October 19, 2001

1:00p.m.

Funger 310

Speaker: Richard Kaye, Birmingham University, England

Title: *Presburger groups*

Mathematics Colloquium

Friday, October 26, 2001

1:00p.m.

Funger 310

Speaker: Rumén Dimitrov, GWU

Title: *Computability theory and vector spaces*

Mathematics Colloquium

Friday, November 30, 2001

1:00p.m.

Funger 310

Speaker: Ali Enayat, American University

Title: *A gift from Cantor's paradise: Ultrafilters*
