

Project Assignment #6: “Mini-doc”

Specifications:

- Work with a team to produce a 2-3 minute video piece in any style that involves A-roll and B-roll.
- Each student will briefly “pitch” an idea in class
- The instructor will then assign teams and projects
- Teams will meet with the instructor to determine team roles
- All team member share the work and share the grade

Objectives:

1. Combine shooting and editing techniques for your first video project.
2. Choose a project that can be successfully executed with-in the parameters of the class.
3. Strategize an approach that best fits your topic.
4. Create a video piece that screens well for an audience.
5. Work on teams with distinct roles, but shared responsibilities.

Deliverables and schedule

- A topic idea (individual) Oct. 28
- Team meetings Nov. 4
- Footage log and capture Nov. 11
- Your final piece (on a team member’s drive) at beginning of class on Dec. 2

Questions?

- We will be talking about this project in class, and then again in small team meetings.
