

## **BADM 064 SPRING 2007**

### **Assignment 1 – Web**

**Due: February 7, 2007**

#### **Objective:**

Design and implement a [creative and professionally good-looking](#) website for yourself.

#### **Assignment:**

The instructor wants to learn more about you and your successes. Please prepare a website about you, your friends, and everything you want to share about you.

#### **Be as creative and fun as possible!!**

#### **Slide Content Requirements (feel free to include other activities):**

1. Create a webpage with your name and picture(s).
2. Create a webpage for your non-professional activities, such as:
  - a. Hobbies.
  - b. Classes you have taken.
  - c. Your future goals.
  - d. Where you see yourself 5 and 10 years from today.
  - e. Ideal company (include a web link) you would like to work for, or start your own business, with references to your goals.
3. Create a webpage with your professional activities, and make your resume available for download as a PDF file.

#### **Formatting & Style Requirements:**

**Make sure your website is [creative and professionally good-looking and presentable](#). It will be graded on the amount of work you have put into it.**

---

**Website Grading:** 15% of your total lab grade

---

#### **Submission Instructions:**

- ➔ *E-mail the URL to the instructor once ready.*
- ➔ *You will present your website in class (5 min presentation).*
